Consultation: Keeping your CME program current and compliant

CCMEP Training: Preparing you for the exam

Activity Innovation

Live Activity Management: Providing project management and logistical services by PMI-trained professionals

Technology Tools: Enhancing your activities with cutting-edge applications

Scientific Expertise

Needs Assessment: Identifying gaps and root causes

Scientific Writing: Developing content and learning objectives

Medical Editing: Offering developmental and copyediting resources

Outcomes-Based Services: Assessing change in learner skill, knowledge, attitude, and behavior

Library Services: Linking you to current and accurate data

CME Enterprise is an ACCME-accredited medical education company dedicated to creating learner-centered interventions anchored in the art and science of medicine that advance clinical competence, resulting in optimal patient care.

CME Enterprise's goals are to

- Develop and deliver programs, products, and services that provide resources and enable stakeholders to better serve their constituents
- Tailor and offer consultative services to meet the interests, needs, and expectations of stakeholders
- Collaborate and partner with stakeholders to achieve mutual missions, goals, and outcomes

We promise to deliver services of the highest quality, greatest effectiveness, and utmost compliance.

We invite you to collaborate with us as we explore opportunities in the new era of continuing education.
